ABOUT ME

Driven and detail-oriented Computer Science Engineer with hands-on experience in building and supporting applications. Proficient in Java, Python, C++, and SQL, with a passion for AI-driven innovation. Eager to contribute to cutting-edge technology initiatives as a Management Trainee in Application Support.

EDUCATION

2021 – 2025 **B.Tech, Computer Science & Engineering**
Lovely Professional University • CGPA: 7.01

2021 **Class XII, CBSE**
APS,Kota,Rajasthan Percentage: 82%

EXPERIENCE

Jun 2023 – Jul 2023 **Frontend Development Intern**
Board Infinity

- Completed training in front-end technologies; built real-time web apps including a Quote Generator and Digital Clock.
- Strengthened skills in debugging, DOM manipulation, and responsive design.

2023 **Team Participant**
Smart India Hackathon

- Designed a prototype Glass Cleaning Robot for industrial use.
- Enhanced problem-solving, design thinking, and teamwork abilities.

SKILLS

- Programming: Java, Python, C++, SQL
- Web Technologies: HTML, CSS, JavaScript, React.js, Node.js
- Database & Tools: MySQL, Git, VS Code, API Integration
- Core Areas: DSA, OOP, DBMS, Operating Systems
- Soft Skills: Analytical Thinking, Problem Solving, Collaboration, Quick Learning

PROJECTS

HTML, CSS, JavaScript **E-Commerce Website**

- Built a responsive e-commerce platform with user authentication and an interactive UI.
- Focused on clean design and debugging to improve user experience.

React, Redux Store,
Local Storage

To-Do List Application

- Built a responsive To-Do List application with task creation, editing, completion tracking, and deletion. Enhanced Python and API-handling skills through testing and optimization.
- Implemented Redux Store for efficient and predictable state management.
- Added data persistence using browser Local Storage, ensuring tasks remain intact after refresh.
- Strengthened frontend development skills with reusable components and clean state architecture.

React, TypeScript

3-D Portfolio

- Developed an immersive and fully responsive 3D portfolio website featuring Home, About, Projects, and Contact sections
- Implemented cutting-edge technologies including React, TypeScript, Three.js, Tailwind CSS, and interactive 3D models to deliver a modern, visually engaging user experience across all devices.

ACHIEVEMENT

- 5-Star Python – Hacker Rank
- Array & Recursion Achiever – Coding Ninjas
- Participant – Smart India Hackathon 2023
